Volume 1, Number 1

A Letter from our President

June is upon us and the car shows and cruise-in's are in full swing. Last month was our first time meeting at 5:00. It worked out fine, I believe. Hopefully you didn't show up at 7:00 to find nobody was there. We changed the meeting time so we could attend a large cruise-in put on by another car club. It's on Hwy 2A in Fort Oglethorpe behind the Sonic Drive-In. They always have a good crowd and a good time, so I'm glad we've been able to switch our time around to be able to attend. Jason Striker won the best sounding engine contest at the last cruise-in and walked away with a pocket full of cash. I'll let him tell you how much. I'm still waiting on my cut of the winnings for twisting his arm to enter.

The July Meeting will be held at the Riverpark this year. It will take place the Saturday after the 4th which is July 7th. Starting time is 3:00. The club will supply the hamburgers and hotdogs. Bring a covered dish of some kind or some sort of desert. Please call Wendy at 423-316-7748 and she'll let you know who is bring what. After all, we probably won't need 5 different kinds of baked beans. Remember to bring your beverages and travel chairs.

This past Saturday some of us attended the Cherokee Regional Mustang Club's All Ford show in Calhoun, Ga. This club is the closest Mustang club to our area and we needed to show our support. Hopefully, in turn, they will show their support when our event rolls around on September 8th. That's my hope anyway. We went down with 7 cars, and I believe we all left with a trophy. Forgive me if I'm wrong. Being on asphalt for that long plays with your head when it's 94 degrees. I'm so thankful we no longer host our shows on a parking lot. The cool grass of the Riverpark is far better in my opinion. We also had 2 members from the past show up and talk with us for a little while. It was good to see Randy and Sherry again.

A quick note about the website. Hopefully everybody is looking at the website and the forum. Phil has worked really hard on it and I hope to see everybody posting soon. If you don't understand how to navigate around the site or need help posting comments, please let me know. I will try my best and may have to get some help from Phil. I'll continue to send out emails when I know of an upcoming show or cruise-in, but Phil has a lot of info in the upcoming events calendar to check out as well. See you all July 7th at the Riverpark at 3:00.

Listen for the Thunder!! James

**MUFFLERS Mustang GT set,
take-offs less than 3,000
miles. Fits 2005 - 2007
\$150.00 423-877-4632**

Thanks,

Curtis Gossett
